

Accessories

We are constantly designing and developing new lines of accessories for your Q-Tec. All accessories have to pass our rugged and extensive testing procedures and circumstances. Current and future accessory categories for your Q-Tec will encompass wheels and rims, seats, headlights, petrol tanks, spoilers, backrests, fenders, luggage racks, frame covers and more. Stay tuned and visit our website regularly for an update of our accessories program.

Thank you very much for your interest in our Q-Tec vehicles and products. We hope to see you at one of our dealerships very soon. We would be excited to invite you to test ride a Q-Tec of your choice.
Have a safe ride!

Your Q-Tec Team
